Your car can take you wherever you want to go — but sometimes you need a little help finding your way. That’s why we made it ultra-easy with Uconnect® Navigation. Add it to your vehicle, even after purchase, and get wherever you’re going on your own terms.

WHERE DOES THE ROAD AHEAD LEAD?

THE CONNECTED CAR EXPERIENCE

Our award-winning system offers a range of features and functionality, including:

- **8.4-INCH TOUCHSCREEN DISPLAY**
- **VOICE COMMANDS**
- **SEND ‘N GO**

It’s the simplest, most powerful way to put you in every moment of every drive.

*An active Uconnect Access subscription is required to use Send ‘n Go.*
**HOW TO ACTIVATE**

**STEP 1 — GET IDENTIFICATION & REQUEST CODE**
First, you’ll need to **write down your Vehicle Identification Number (VIN)**. This can be found on your proof of registration. Your VIN is also on the inside left corner of your dashboard, under the front windshield.  

Next, **write down the software version of your Uconnect System**. Your software version can be found by following these steps:

- Press “Apps” and select “Settings.”
- Scroll down the list by using the white down arrow.
- Select the “System Information” option (**Figure 1**).

Now, you’ll need to **get your exclusive request code** for the navigation.

- Push and hold the following three buttons simultaneously for 5 seconds: DRIVER-SIDE TEMP UP, DRIVER-SIDE TEMP DOWN and FRONT DEFROST (**Figure 2**). Once activated, process cannot be reversed.
- When you see the screen shown in **Figure 1** again, select “VP3 Activate Navigation.”
- The screen will display your activation request code. Write it down with the dashes.

This information will be needed when activating over the phone or online. Be sure to have your credit card ready.

**STEP 2 — RETRIEVE ACTIVATION CODE**
With your credit card ready, visit [FCAgroup.navigation.com/RA3newowner](http://FCAgroup.navigation.com/RA3newowner).

You will need to input your Request Code, VIN and Software Version. You will then receive an Activation Code on screen and via email after you have completed your purchase.

**STEP 3 — ACTIVATE NAVIGATION**
Return to your vehicle and select “OK” on the screen (**Figure 3**).

**NOTE:** If you have exited this screen, repeat Step 1 to return to the screen. Ignore the new Request Code that it gives you, your Activation Code will still work.

**Now the screen shown in Figure 4 will appear.**

Enter the Activation Code exactly as sent to you, with the dashes. Then select “OK.”

**Congratulations, your navigation system is activated.**

**NOTE:** It may take up to 10 minutes of uninterrupted signal for the system to be fully functional.

You will see a “NAV” icon at the bottom of the screen. This means the system is available for use.

Ready to get going? To activate navigation, call your dealer or visit [FCAgroup.navigation.com/RA3newowner](http://FCAgroup.navigation.com/RA3newowner). Activation is available on properly equipped vehicles with Uconnect 8.4 and Uconnect 8.4A. A one-time activation fee is required at time of purchase.
